## LEAGUE NEWS

**Race for the last Captain's spot** – Jeff is carrying a 195.87 average, it that holds.... Joe needs 712 to tie.

### Magic Number for 4<sup>th</sup> Quarter 1<sup>st</sup> Place Tie is 14 points by the Reds

Depending on the outcome of tonight's match-up **Rule 16: Position Standings** could come into play....

"The team with the most points at the end of each quarter qualifies for the roll-offs. **In case of ties**, one game (total pins) will determine the winner."

Next Week **Rule 17: Roll-offs** is in effect:

"If two teams each win two quarters, those teams bowl each other in a one week roll-off to determine league champs.

If two teams qualify for roll-off with one team winning 3 quarters, the team winning only one quarter must win roll-off matches on two consecutive weeks in order to be league champs. One match win by the 3 quarter winner will make that team league champ."
